Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Leonard Henley's drug store, Williamsburg, Va.

Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Constipation. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you its unrivaled for throat and Lung diseases. Guaranteed Bottles free at Leonard Henley's drug store.

THE OLD NORTH STATE

GOV. AYCOCK'S REQUISITION HONORED BY GOV. CRANE.

ROGERS TO BE RETURNED.

Will Now be Tried for House Burning

In Durham—A Military Company

Ordered Disbanded—Raleigh Will

Not Have a Labor Day Celebration—The Scarcity of Banker

Ponies.

Raleigh, N. C., August 28.—Governor Crane, of Massachusetts, has at last come to his senses and will honor the requisition of Governor Aycock for the return of Monroe Rogers, the negro who led the State from Durham. A message was received late yesterday afternoon by Private Secretary Pearson from Governor Crane that the requisition would be honored.

Rogers, it will be remembered, is wanted at Durham on a charge of house burning. He has been in custody at Waukegan, Mass., for the past several weeks, and twice officers have been after him and twice were refused. The first time some slight irregularity was claimed in requisition papers; in the second instance it was given as a reason for refusal of requisition that it was feared that the negro would be lynched if sent back to this State. There is no danger whatever that Rogers will be lynched. He will be given a fair trial.

A few years since banker ponies were brought here and to other places in the State and sold at auction. These little animals are bred in droves on the sand banks on the east and are hardy. They are much scarcer now than formerly. To-day a car load was received here by Mr. L. O. Woodall at his stables and they are the first brought here in a year or more.

There will be no Labor Day celebration in Raleigh on September 1st. The unions here are now very much interested in building their proposed Labor Temple and have decided not to incur any expense for a celebration but to devote the money that would be thus expended to the temple fund.

The Mount Airy Military Company was ordered disbanded to-day on the recommendation of the Inspector-General, this company having failed to make good in their recent inspection.

Five more pheasant hens have been added to the zoo at Pullen Park here. The birds were the property of Mr. E. H. Lee.

The State Farmers' Association will meet here September 3d.

THE WAR MANOEUVRES.

The Proposed Sham Battle Between the Army and Navy Scheduled to Begin at Midnight on Sunday.

Newport, R. I., August 28.—After months of preparation the final war manoeuvres by an army of defense against an enemy made up of a large number of ships of the navy will begin at midnight on Sunday. The preliminary work practically ends at midnight on Friday, and two days will be allowed to get into position. In order to decide which side wins, a large number of umpires and observers have been assigned to the different forts and to the different vessels of the fleet, which will be commanded by Admiral Higginson. Each vessel of the fleet will have a navy umpire and an army observer, while each fort will have an army umpire and a navy observer.

The army to-day established a signal and a searchlight station near the Brenton Cove life-saving station. This is the only searchlight station the army will have outside of Newport harbor in the east side of Narragansett bay.

To-morrow night the first real move in the game of war between the army and navy will be made. Gardner's Point has been considered a weak spot by the army men and one liable to be attacked by the navy. There is no fort at that point, and it is only guarded by two dismounted guns. The submarine mine boat Dime is darting about in that vicinity, which leads to the belief that the passage of the North Atlantic squadron will be interrupted by mines.

THE NEGRO QUESTION.

A Very Serious Problem Now Confronting the British Empire.

London, August 28.—Apparently inspired by the native problem, which is looming up in South Africa, the Daily Telegraph this morning publishes a significant editorial article on the negro question, which it insists is, for the Anglo-Saxon race, a more serious and urgent problem than the "yellow danger." The paper confesses that the ideals which underlie the emancipation movement have quite failed of realization; that it has been proven incapable of working out his own salvation, and that the theory of electoral equality is a delusion mischievous to both negro and whites.

"The negro franchise in the Southern States of America," says the paper, "is already a farce and its suppression in all but exceptional cases cannot, in all probability, be permanently deferred."

In conclusion, the article asks: "What is to be the ultimate destiny of the vast and multiplying black population of South Africa? That is the problem which looms behind every other."

THE SOUTH CAROLINA PRIMARY.

Charleston, S. C., August 28.—Complete reports of the primary election from every county in the State, with the exception of one poll in Florence and two polls in Spartanburg county, which cannot affect the general result, show that Congressman A. C. Lattimer, candidate for the United States Senate, received 23,081, and ex-Governor John G. Evans 18,521 votes, and they will therefore run in the second primary on September 9th.

Captain D. C. Heyward, candidate for Governor, has received more votes than any two of his competitors, and leads his closest competitor, The Hon. M. F. Ansel, with whom he will run in the second primary, by almost 15,000 votes, the tabulation showing: Heyward, 25,500, and Ansel, 10,500.
